

THE COMDATA CORPORATE CARD

One card for multiple programs. Gain efficiency, get automatic discounts and earn money back on business spending.

Comdata's Corporate MasterCard® delivers all the features of a traditional purchasing card, travel and entertainment card and fuel card in one piece of plastic. That means one card provider to manage, one invoice and one easy-to-use online system for all your card data and reports. Your spending is even eligible for monthly money-back rebates and provides you access to notable discounts on fuel, business supplies and services.

Earn Money Back on Spending¹

Every dollar you spend using your Comdata card earns monthly rebates for your business. Why mess with points programs that have lots of restrictions on when and how they can be used? Comdata offers the flexibility of money-back rebates that can be used for any purchase—or to improve your bottom line. There are no spend minimums or annual fees—just straightforward rewards that start with the first transaction.

4%

4% Discount at Hotels and Restaurants Nationwide

Your Comdata Corporate Card is eligible for an **automatic discount at more than 16,000 participating hotels and restaurants²**. By simply paying with your card, a 4% rebate is automatically applied to your billing statement. No codes or coupons required.

Fuel and Vehicle Maintenance Discounts

Comdata has one of the largest fuel and repair discount networks in the United States. Get automatic **discounts on every gallon** at more than 19,000 Fuelman Network gas stations, plus many more, just by paying with your Comdata Corporate Card.

25%

Discounts of Up To 25% on Business Services and Supplies²

Comdata is one of a select few credit card providers that offer the MasterCard Easy Savings Program. Every card is eligible for **automatic rebates** at thousands of office supply stores, rental car locations, shipping providers, print shops and other online business service providers.

Maintain Flexibility in Your Banking Relationships

At Comdata, we focus solely on payment technology. Our card programs are **bank agnostic**, which means that if you ever want to make a change in banking partners you won't have to go through the hassle of changing your credit card program.

More Control and Easy Reconciliation

Comdata will work with you to set up card controls that limit the amount, location and times when your employees can make purchases. And by making purchases with a corporate card, you can **reconcile automatically, reduce fraud and gain better insight into your business spending**.

Automated Expense Reporting

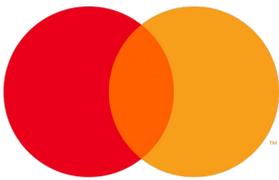

Comdata has built market-leading tools to make generating, submitting and approving expense reports simple and easy. Eliminate the need to keep paper receipts, **do away with manual expense reports**, easily reimburse employees for out-of-pocket expenses and use Google Maps to automatically make mileage calculations from the mobile app.
