

Corpay[^]

Multi-card

The Power to Optimize

Gain visibility and consolidate your card program. Make payments, consolidate reporting, and manage data with a single credit invoice.

Corpay's Corporate Mastercard[®] delivers all the features of a traditional purchasing card, travel and entertainment card, and fuel card in one piece of plastic. That means one card provider to manage, one invoice and one easy-to-use online system for all your card data and reports. Your spending is even eligible for monthly money-back rebates and provides you access to notable discounts on fuel, business supplies and services.

Earn Money Back on Spending

Every dollar you spend using your Corpay card earns monthly rebates for your business. We offer the flexibility of money-back rebates that can be used for any purchase — or to improve your bottom line.

Discounts Nationwide

The Corpay Corporate Card is eligible for an automatic 4% rebate at more than 16,000 participating hotels and restaurants. No codes or coupons required. We also have one of the largest fuel and repair discount networks in the United States — get automatic discounts on every gallon at more than 19,000 Fuelman Network gas stations.

Maintain Flexibility in Your Banking Relationships

Avoid the hassle of changing your card program if you decide to change your banking partner.

Gain Visibility and Easy Reconciliation

Set up card controls that limit the amount, location and times when your employees can make purchases. And by making purchases with a corporate card, you can reconcile automatically, reduce fraud and gain better insight into your business spending.

Automated Expense Reporting

We built innovative tools that simplify generating, submitting and approving expense reports simple. Eliminate the need to keep paper receipts, do away with manual expense reports, easily reimburse employees for out-of-pocket expenses and use Google Maps to automatically make mileage calculations from the mobile app.

Made by the Global Leaders in Payment Innovation

Smarter Spending

ACCEPTED GLOBALLY: Travel with confidence knowing that you can make purchases at nearly 40 million Mastercard merchants all over the world.

MASTERASSIST TRAVEL SERVICES: Gain access to trip planning assistance; global medical referrals and treatment; global legal referrals; emergency cash advances; lost ticket, passport and luggage assistance; and 24-hour roadside assistance in the United States.
