

MEMBER DIRECTORY
2023 EDITION

Your Source for Quality Retail Contractors

The Retail Contractors Association is a national organization of high caliber retail contractors united to provide a solid foundation of ethics, safety, quality and professionalism within the retail construction industry.

retailcontractors.org • 800-847-5085

IS YOUR SUPERINTENDENT CERTIFIED?

**Ask your GC if
they have a
Certified Retail
Superintendent
on your project.**

Being a retail superintendent requires a unique set of skills different from other market segments. While all construction superintendents have responsibilities for schedule, productivity, safety, and quality on the project site, the challenges and constraints of the retail environment mean that a special training focus is needed.

Superintendents must learn how to think like a retailer and a contractor throughout these projects.

RCA's Retail Superintendent Training Program addresses this need.

Certified Retail Superintendents have:

- At least three years of experience in retail construction
- Completed OSHA 30-hour certification
- Completed RCA's two-day workshop, which includes in-depth training on retail-focused customer service
- Passed the Certified Retail Superintendent exam

*Learn more about the program & view a list of participating companies:
retailcontractors.org/superintendent-training-program*

About the Retail Contractors Association (RCA)

RCA's mission is to promote professionalism and integrity in retail construction through industry leadership in education, information exchange, and jobsite safety.

As part of the RCA membership process, we vet contractors with a thorough review. Qualifications for membership include:

- General contractor with significant business operations in retail construction, for a minimum of five years.
- Excellent reputation in the industry; at least three retailer references are required.
- Properly licensed in all states where the contractor conducts business.
- Insured in accordance with industry standards.
- Favorable EMR rating.
- Able to provide Performance and Material Payment Bonds from an AM Best carrier rated A- or better.
- Submission of an AIA 305 qualification statement.

These rigorous requirements are reviewed regularly.

For more information and the most up-to-date membership list, visit retailcontractors.org – click on Find a Contractor.

+ Canada, Puerto Rico, and the US Virgin Islands

Retail Construction Services, Inc. (RCS) has grown into the company we know today by developing and applying a **passionate team** of construction specialists into an industry they love. By doing so, we have created **strong relationships** with clients that date back to the day we were founded in 1984.

Let's Build A Better Experience Together.

Tri-North
BUILD SMART.

M.CARY, INC. is a professional general contracting firm serving a distinguished and diverse clientele throughout the New York metropolitan and surrounding areas over 25 years.

Since 1995, filling construction needs of small startup companies to large organizations including universities and national retailers. From the pre-construction phase to the day you open for business and beyond, each job is given personal consideration and discriminating attention to detail.

Once we are selected as the general contractor on a project we concentrate on nothing but completing the job on time and under budget, while still maintaining the high level of service our clients deserve.

M. CARY, INC. does whatever it takes to meet our commitments.

Our Dedication to our clients is the key to our success.
