Your Source for Quality Retail Contractors

The RCA is a national organization of high caliber retail contractors united to provide a solid foundation of ethics, safety, quality and professionalism within the retail construction industry.

IS YOUR SUPERINTENDENT CERTIFIED?

Ask your GC if they have a Certified Retail Superintendent on your project.

Being a retail superintendent requires a unique set of skills different from other market segments. While all construction superintendents have responsibilities for schedule, productivity, safety, and quality on the project site, the challenges and constraints of the retail environment mean that a special training focus is needed. Superintendents must learn how to think like a retailer and a contractor throughout these projects.

RCA's Retail Superintendent Training Program addresses this need.

Certified Retail Superintendents have:

- At least three years of experience in retail construction
- Completed OSHA 30-hour certification
- Completed RCA's two-day workshop, which includes in-depth training on retail-focused customer service
- Passed the Certified Retail Superintendent exam

About the RCA

RCA's mission is to promote professionalism and integrity in retail construction through industry leadership in education, information exchange, and jobsite safety.

As part of the RCA membership process, we vet contractors with a thorough review. Qualifications for membership include:

- General contractor with significant business operations in retail construction, for a minimum of five years.
- Excellent reputation in the industry; at least three retailer references are required.
- Properly licensed in all states where the contractor conducts business.
- Insured in accordance with industry standards.
- Favorable EMR rating.
- Able to provide Performance and Material Payment Bonds from an AM Best carrier rated A- or better.
- Submission of an AIA 305 qualification statement.

These rigorous requirements are reviewed regularly.

For more information and the most up-to-date membership list, visit retailcontractors.org – click on Find a Contractor.
